ПЕРЕМОГА

VICTORY FOR UKRAINE

IF YOU WERE ATTACKED, WOULD YOU FIGHT BACK?

перемога: Victory for Ukraine (for ages 12+) is a collection of 9 stories created by Ukrainian artists during the first weeks of the Russian invasion, channeling all their emotions - their anger, courage dreams, and despair into one goal, one manifestation of their nation's fight for survival!

Witness the struggles of brave defenders in cities like Kyiv, Mariupol, Kherson, and Snake Island, and how the utter insanity and irony of the war is told from the standpoint of a looted Ukrainian washing machine, and a humble farm tractor that wants to steal Russian tanks.

A PORTION OF THE PROCEEDS FROM **VICTORY FOR UKRAINE** *WILL BE DONATED BY* **TOKYOPOP** *TO DIRECTLY BENEFIT* **RAZOM FOR UKRAINE**, *("RAZOM" MEANING "TOGETHER" IN UKRAINIAN), A NON-PROFIT UKRAINIAN-AMERICAN HUMAN RIGHTS ORGANIZATION.*

THANKSGIVING WISHES

Right now, as I write this, it's early October. Halloween is still a few weeks away (so I don't know if I got any more trick or treaters than I did last year). Is Halloween being replaced by "safe" trick or treat experiences like afternoon "trunk or treat" get-togethers in broad daylight? I'm certainly hoping for some night visitors... having prepared goody bags with comics and toys Archie Comics digests, and more last year, still waiting to be handed out on the night of October 31st.

Inside this issue we're gearing up for the holidays with our *GREAT GIFT IDEAS* theme for the month! A lot of these items, chosen by our Product specialists and I are in stock and ready to ship to your local comic shop, just in time for the holidays. You'll find great selections on our themed spread on **pages 252-253**.

And elsewhere in this issue, just look for the Great Gift Ideas wrapped present icon for more suggestions, including Toys, Models, Games and more!

Finally, since this is November, and Thanksgiving is right around the corner (a few weeks anyway), I just wanted to say "thanks" for Print... and Books! In a world that's moving faster and faster thanks to the digital revolution, it's good to know most of you still appreciate physical media, and view print not as some quaint contrivance of the past, but the standard for our industry and for telling stories and passing on information. There really is something about holding a book, especially an old one, and how it feels, smells, and looks. It's our past and our future combined. I just couldn't imagine a world without books.

I am so thankful for the things in my life that matter to me... Family, Friends, a great Job... and all of you. Thanks to all of you, our faithful readers, for sticking with us over the years, and coming back each month for the next issue of ***PREVIEWS***. Thanks for reading! Now go dig into this issue, and I'll see you here next month!

Your Pal @ ***PREVIEWS***,

Marty

Report: Action Comics #1 Rocket Copy Sells for $3.4M

The CGC 6.0 rocket copy of *Action Comics* #1 has sold for $3.4 million in a private sale, CGC has reported. The deal was brokered by Goldin Auctions in conjunction with Metropolis Comics and was completed in September 2022. This sale makes it the highest price paid for a copy of *Action Comics* #1.

The Rocket Copy of *Action Comics* #1 is recognized for having the stamp of a red rocket on the cover. This same copy was sold by Heritage Auctions in January 2022 for $3.18 million. It is now the record holder for an *Action Comics* #1 sale, having surpassed ComicConnect's brokered sale of a CGC 8.5 copy for $3.25 that was facilitated in April 2021.

ComicConnect Auction Sees $8M, Sets New Records

ComicConnect's Event Auction #51 ended last week and is reporting over $8 million in sales including breaking their own world record price for a copy of *X-Men* #1 CGC 9.6 at $871,999. *Marvel Comics* #1 CGC 6.0 (Kansas City) set a record in the grade at $729,000, and restored copies of *Action Comics* #1 and *Detective Comics* #27 hit $350,750 each.

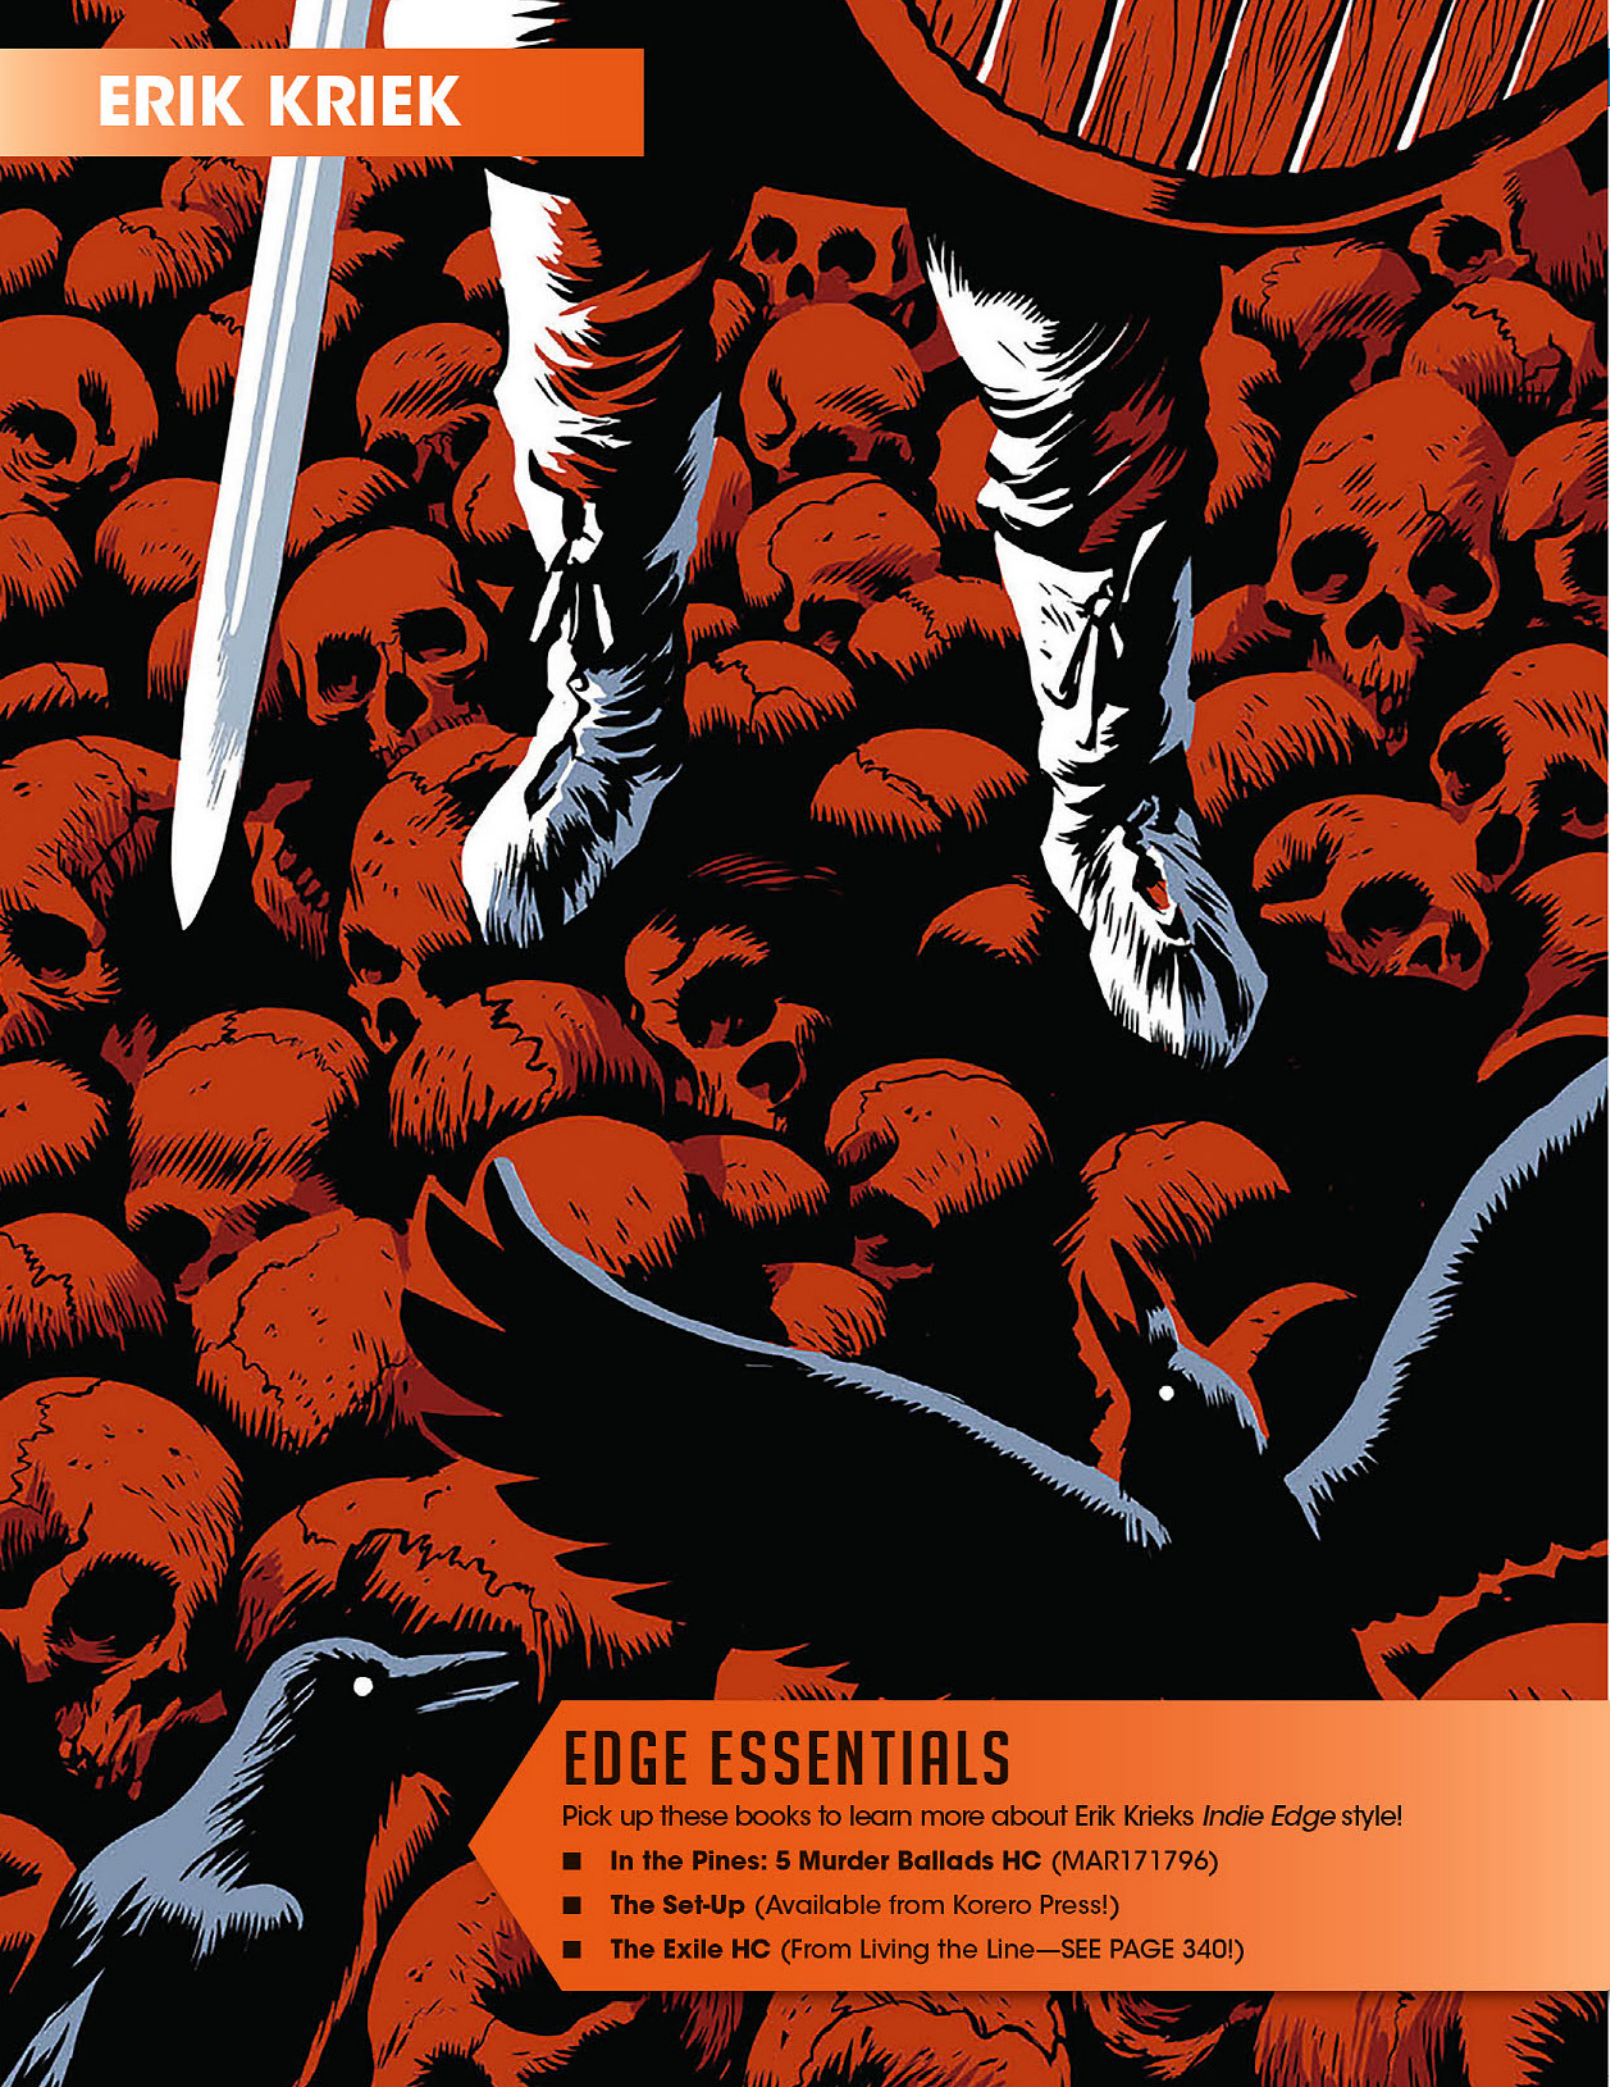

Additional comic highlights were *Amazing Spider-Man* #1 CGC 9.0 for $196,138, *Amazing Man Comics* #22 CGC 7.5 for $69,000, *All-American Comics* #16 CGC 8.5 R for $65,838, *Captain America Comics* #1 CGC 8.0 R for $78,200, Daredevil #1 CGC 9.6 for $110,500, *Flash Comics* #1 CGC 1.5 for $85,000, *Marvel Mystery* #4 CGC 3.5 for $48,000, and *Superman* #1 CGC 6.5 R for $92,000.

Hank Pym: Scientist to Superhero

Dr. Hank Pym is a brilliant scientist created by Stan Lee, Larry Lieber, and Jack Kirby, who was introduced in *Tales to Astonish* #27 (January 1962) then became Ant-Man in *Tales to Astonish* #35 (September 1962). Hank began as a biochemist who discovered subatomic particles that he named Pym particles. He harnessed the particles to create a formula that could alter his size and conversely, a formula to revert him back to his regular size.

In his first experiment, Hank reduced his size to that of an insect and ended up stuck in an anthill, causing him to panic and reverse to regular size. He started studying ants and created a cybernetic helmet that he could use to communicate with ants and a suit that could prevent the ants from harming him. With his new technology ready, Hank Pym became Ant-Man.

EDGE ESSENTIALS

- **In the Pines: 5 Murder Ballads HC** (MAR171796)
- **The Set-Up** (Available from Korero Press!)
- **The Exile HC** (From Living the Line—SEE PAGE 340!)

Please tell us a bit about yourself!

My name is Erik Kriek. I'm 55 years old and I'm from the Netherlands. I live in the lovely city of Amsterdam together with my wife Stans, our 14-year-old son Clovis, and our Siberian cat, Whiskey. I have been working as a freelance illustrator since 1991 and have been publishing comics since 1994. *The Exile from Living the Line* is my second graphic novel to be published in the US — the first full-length GN after 2017's short story collection, *In the Pines* from Fantagraphics Books. In my spare time I like to play boardgames and play the 5-string banjo.

What are your favorite projects you've contributed to over the past decade?

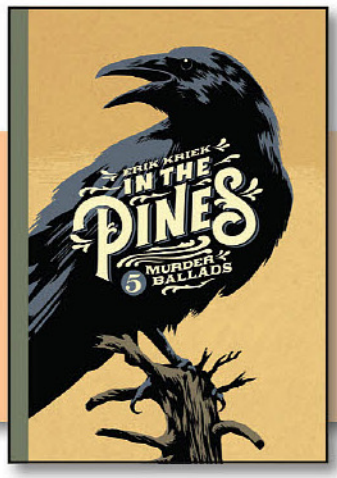

I finished my graphic novel In the *Pines: 5 Murder Ballads* (MAR171796) in 2016 with an accompanying CD by Dutch Bluegrass band the Blue Grass Boogiemen. We gave it as an option to include it in the book to foreign publishers, but Fantagraphics decided against including it in their US edition. You can easily find and stream it on Spotify though. The book was also made into a musical theatrical piece by the Brussels Jazz Orchestra as well as being in development for television in Hollywood right now.

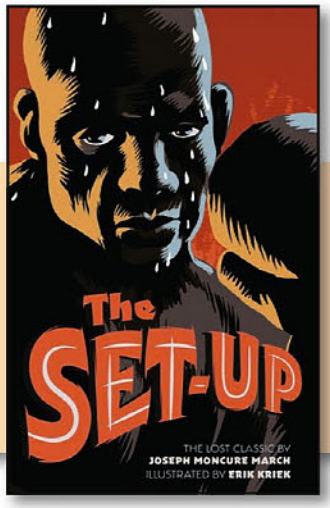

What are you currently working on?

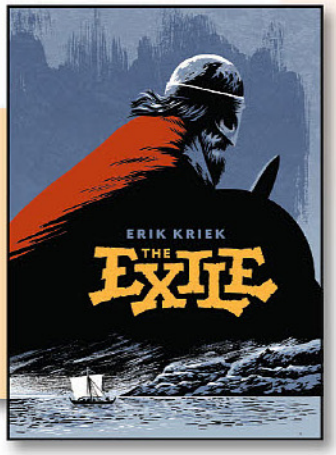

I'm completing a graphic novel called *The Pit*, which will be published here in Europe in 2023 in my native Dutch... but my Spanish, French and German publishers have already taken options on translating his book as well!

What fun titles are you reading?

It may sound strange, but I don't read that many comics (none when I'm writing). But in the (recent) past I've really enjoyed the *X'ed Out* trilogy by Charles Burns (or anything he makes really), *My Favorite Thing is Monsters* (DEC161677) by Emil Ferris, *This One Summer* (MAR141196) by Jillian and Mariko Tamaki, *Come Again* (MAR180563) by Nate Powell, and finally, really *anything* Daniel Clowes makes!

USER'S GUIDE

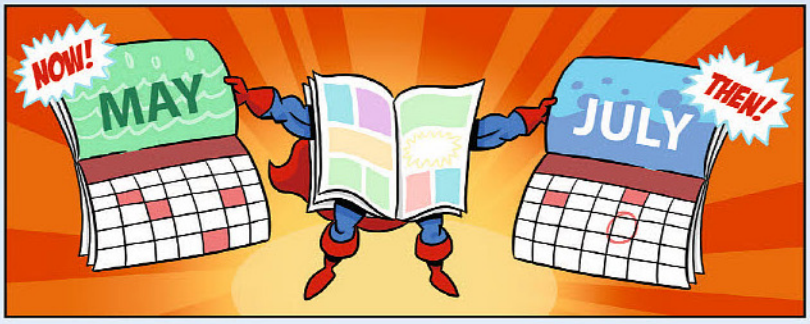

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

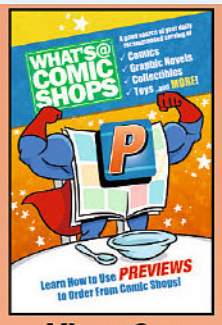

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

EXPLORE THE MYSTERIES OF THE CITY OF KIROS IN IMAGE COMICS' *BLACK CLOAK*

In the city of Kiros, the last city in the known world, stands a civilization of men and elves, demons and wizards, mermaids and birdmen. The Black Cloaks are the constabulary of this world, and two of their number will be tasked with their most difficult and sensitive case in Kelly Thompson and Meredith McClaren's new Image Comics series, *Black Cloak*.

The crown prince of Kiros has been murdered. Detectives Pax and Phaedra must bring the murderer to justice, while the murder threatens the fragile peace of the city of Kiros. With the city convulsing and Phaedra with her own secrets—she was once engaged to the crown prince—Pax and Phaedra must navigate a delicate situation where dozens of suspects had motive to kill the prince and the arrest of any of one them might enflame the city into open warfare.

A little bit *Saga*, a little bit Philip K. Dick, and a little bit Raymond Chandler, Thompson and McClaren's *Black Cloak* is the most compelling fantasy mystery book you'll read in 2023!

IS JAY AN AVERAGE JOE OR IS HE DARK HORSE'S SPY SUPERB?

Or is he something else? In the new Dark Horse series *Spy Superb* by Mind Mgmt.'s Matt Kindt and colorist Sharlene Kindt put us in the shoes of Jay, an ordinary man on vacation in a foreign locale... until one wrong phone call suddenly puts Russian FSB agents after him and he'll be lucky to escape with his life. Is he a sleeper agent? Or is he a clueless man way in over his head? Meet the CIA's deepest cover agent — or maybe not — in Dark Horse Comics' *Spy Superb!*

TITAN COMICS

AN ALL-NEW, ALL-AGES ADVENTURE BASED ON *THE ASTRONEER* VIDEO GAME

This month, Titan's Diamond Previews reveals the launch of ***Astroneer: Countdown***- a graphic novel under the **Titan Nova** imprint from System Era Softworks, based on hit game, *Astroneer*. *Astroneer: Countdown* features four original stories that take place in the ***Astroneer* universe**, including *Countdown*, which follows Seven and his ragtag crew of Astroneers as they race to fix a threat that could destroy the cosmos.

We spoke with **Xenia Pamfil**, the artist on *Countdown*, on what it was like bringing *Astroneer* into the world of graphic novels.

XENIA PAMFIL, *ASTRONEER: COUNTDOWN*

Hi Xenia! Your art in *Astroneer: Countdown* is so fun and full of life. Were you familiar with the *Astroneer* game before entering this project?

No. I actually wasn't very familiar with the game but I immediately started researching it and fell in love with it on the spot! I really loved the graphics of this game; the environments, colour palette, the fact that it had a cartoony/ comic vibe added to it. The overall atmosphere gave me a familiar feeling and it seemed to me very compatible with my art style.

How do you go about adapting a video game into a comic? What is the artistic process like?

I was part of an amazing team! Mia Goodwin and Dave Dwonch came up with the idea and the script of it all and then I was free to imagine and create the aesthetics.

Did you incorporate any details or mechanics from the game into your art for *Astroneer: Countdown*?

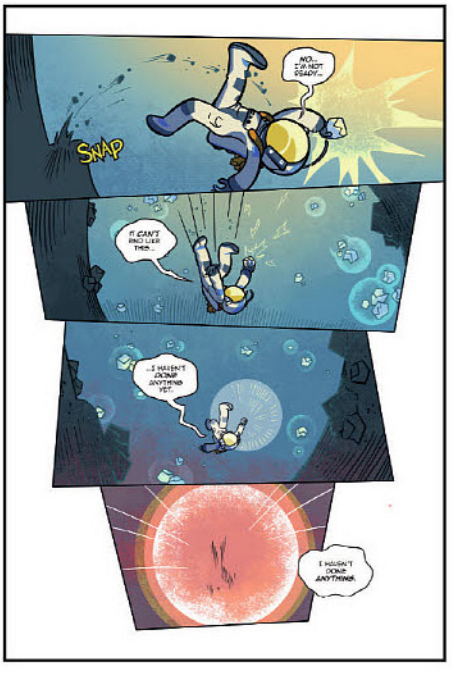

Yes, of course! All the vehicles and buildings are the actual material from the game. I had a lot of image references and help from the *Astroneer* game team. The backgrounds were inspired by the script and there I was free to go wild. I really enjoyed creating the colour palette of this distant world, different plants and little bug-creatures that you can find if you look close enough, hidden in the alien looking flora.

There are multiple backgrounds, terrains, and environments in *Astroneer: Countdown*. What was your favourite setting to draw overall?

I really loved drawing all of them but I think I can say that one of the final scenes, the one inside the volcano was very nice to draw since there was contrast between the red lava and the grayish cave walls, all the stalactites and other good stuff topped with action and adventure!

Almost every character in *Astroneer: Countdown* has their face covered by a helmet, yet they remain expressive. How did you portray emotion and personality in your art for this comic without the use of facial expression?

Yes, it's true, their faces are covered since they are astronauts and that seemed a big challenge at the beginning. But then it turned out to be a lot of fun. I could see from the script that they had very different personalities (shy, determined, stern, adventurous, etc) so I tried to accentuate their feelings and reactions through exaggerated body language and that made the gestures they were doing even funnier. I worked hard to highlight the personality of each character since they were so different and unique. I fell in love with these little guys and was sad to say goodbye.

It's John Wick meets Wes Anderson in this mystery-thriller about a secret organization that's developed the perfect spy. Who is the perfect spy? A spy who doesn't even realize they are a spy. AKA the "useful idiot." This particular useful idiot is named Jay. Jay is sent on missions without even realizing he's on a mission. Until he picks up the wrong phone with the wrong secret intel and now Russian hit-squads and elite assassins are after him. But Jay believes he was a sleeper agent—and really is the "spy superb." His complete obliviousness and lack of survival skills may be the only thing that saves him in this globe-trotting espionage tale . . . where nothing is what it seems . . . but also . . . kind of actually is what it seems.

Character Sketches by Carlo Lauro

DISNEY'S DRAKE MALLARD RETURNS TO THE NIGHT SKIES GUIDED BY WRITER AMANDA DEIBERT

Darkwing Duck means so many things to different people. Whether they grew up on the original show, sunk hours into classic video games, followed along with previous comics, or are massive super fans of the wider Disney Ducks franchise. What has Darkwing Duck meant to you?

I grew up with Darkwing Duck as did my two little sisters, so for me it has an element of nostalgia for sure! I also got to rewatch with my own child for research before getting started with the writing, so it's been fun to share it with my own seven-year-old as well.

Writing Darkwing Duck is quite unique as someone who works a lot in comics and animation. You've tackled characters like Wonder Woman, Batman, He-Man, and more. Darkwing is not quite a parody, but often pokes fun and homages many of those superhero and action tropes. How fun is it to approach those elements?

I love the humor that is part of Darkwing. It's a great combination of parody and fun slapstick along with the action and adventure. It's a ball to get to play with the tropes and poke loving fun at genres I adore.

Enough about Darkwing Duck and the costume, how about the man — er, duck — underneath? Will fans get to see some focus on Drake Mallard when he's not running across the rooftops and stamping out wrongdoing?

final covers may vary. all art pending licensor approval. all properties TM & © their respective owners.

Yes! Especially starting in issue #2 we will get to see a lot of behind the scenes Drake Mallard and what he deals with as a citizen and a father who is balancing all of that with his primary focus, being the hero St. Canard deserves.

Artist Carlo Lauro is joining you for this series. For such an iconic character, who also originated in animation, it's very important for the style and essence of the character and its history to be captured in new iterations. How perfect of a fit is Carlo and what does he bring to the table as you collaborate together on this big splash bringing the character back?

Oh, I was THRILLED when I got to see some early pieces of Carlo's Darkwing art in particular. He absolutely captures the essence of Darkwing, the noir send-up, and the nostalgia while feeling fresh and current. It's lovely and I think fans of Darkwing Duck will be so happy.

We don't want to spoil too much! But if you could tease fans with just a little nugget of what to expect in this series, what would you spill?

You're going to get to see a lot of what drives Drake Mallard as a hero while also paying tribute to everything you love about Darkwing Duck... and if there's a villain you particularly love, there is a very good chance they'll appear in one of the issues. We've got a whole rogues gallery and maybe even a bit of romance. Let's get dangerous!!

Purgatori's always pissing somebody off — but this time she's gone too far! It may have some connection to her growing insanely powerful and probably starting to kill and eat the gods. In fact, that last part for sure. And gods are like potato chips, right? It's not like she's going to stop at one. And so, the various pantheons have pooled their not inconsiderable resources to offer up a big prize to whatever psycho manages to kill her. Who wants to try? Hey, who doesn't?! The creative team behind Vampirella Vs. Purgatori and the recent Purgatori miniseries reunite for the grand third act of this Purgatori saga! Guest-starring Evil Ernie, Vampirella, the Sacred Six... and *more!*

THE PURGATORI TEAM OF WRITER RAY FAWKES AND ARTIST ALVARO SARRASECA ARE BACK WITH AN ALL-NEW EPIC!

WRITER RAY FAWKES RETURNS TO PURGATORI COULD THE VAMPIRE-DEMONESS FINALLY FALL?

Ray, could everyone's favorite chaotic half-vampire, half-demon really fall prey to death this time around? How would you tease this new story off the bat?

She really could. Here's the teaser: Purgatori might just be destined to devour all of the gods and become the ultimate god herself. So, the gods want her dead, and they're too chicken to try and kill her with their own hands. They're gonna have to get someone else to do it for them. Lots of someone elses.

This is following up your Vampirella vs. Purgatori miniseries and the follow up solo Purgatori series. Readers can pick up Must Die #1 and jump right in, but what basics can you share with fans on what they may have missed? (Though they can go and grab the graphic novels now!)

The basics: Purgatori is a half-vampire, half-demon who not only drains the blood of her victims, but all of their memories, skills, and powers, too. She's been getting stronger and stronger for the past two thousand

years, and also arguably crazier and crazier. Sooner or later, she's going to start killing the gods. Some people, like Lilith, think they can take advantage of that when it happens. Some people, like Vampirella, don't think it's a sure thing. And some people, like... all the gods... really want to stop it at all costs.

On that note, we think the first issue here is also going to retrace the origin and key moments of Purgatori's life too, right? What inspired you to return to some of those classic threads and how could it connect back to your story in the present?

Well, I figure if this MIGHT be the story where our beloved Purgatori dies, it'd be nice to see a little bit about her whole life leading up to this point. Also, for new readers, it does show us who she really is and what she's all about before all the mayhem starts.

If Purgatori might be dying, we assume it'd be a quite powerful force out to take her down this time around. Can fans expect to see other characters from the Chaos! mythos and beyond in this story?

Yes. Yes, those are the people who might actually be able to do the job. Vampirella will be there, of course. Evil Ernie's going to show up. Almost every vampire that Purgatori knows... and then there's Lady Hel. She won't miss this.

Alvaro Sarraseca reunites with you as the artist on this series, following your collaboration on Vampi Vs. Purgi. How has the collaboration been going so far, and what are you most looking forward to see Alvaro bring to the page?

I'm so happy with Alvaro's work on Vampirella vs Purgatori — I threw a lot of weird stuff at him and he just killed it all — so I'm thrilled that he's back for PURGATORI MUST DIE. It's going to be a sexy book, that's for sure.

Joe Quinones (J-RI/Virgin)

Hell on Earth has arrived. The sky is black, choked with smoke and fire on the horizon. Swarms of demonic creatures fill the air, with no signs of human life or hope in sight. It is devastation. It is a vampire's playground. It is more even than the most courageous superhero could bear. But Red Sonja is no superhero…she is a She-Devil with a Sword!

The team behind *Justice League of America* reunites for some HARD-HITTING REVENGE!

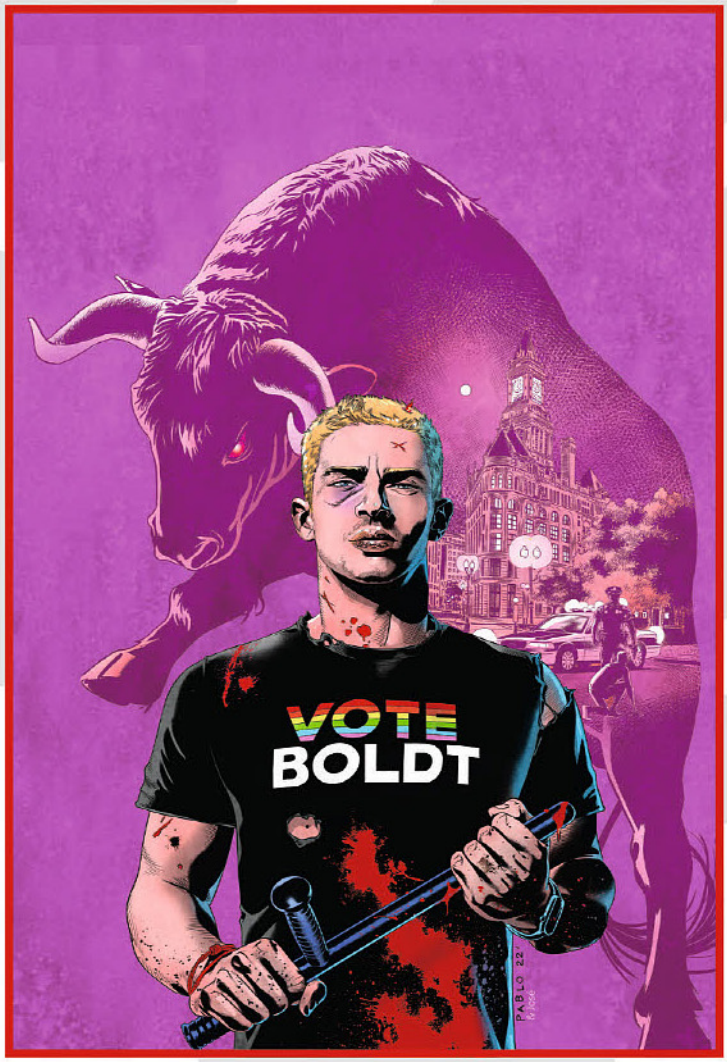

Doctor Christopher Boldt has everything he ever wanted: A successful career as a surgeon, a supportive and loving boyfriend and an overload of hype on his rumored run for Boston City Council. But there's one problem – it's all held up by a lie. For years, Chris has been hiding in plain sight, desperate not to be connected to his father, Orin Paige, one of Boston's most notorious gangsters.

Until now, Chris has been able to live with the secret. And Chris's father has been just as happy to deny any connection to his queer son, who he sees as a liability in the mob world. Now, Chris' political aspirations have put father and son on a collision course. A collision course bathed in blood.

From Eisner and GLAAD Award-Nominated writer Steve Orlando (*Extreme Carnage, Midnighter, Darkhold*, KILL A MAN) and artist Andy MacDonald (*Rogue Planet, Loki*, MY DATE WITH MONSTERS, I BREATHED A BODY), comes BULLS OF BEACON HILL, a story of family secrets and violent retribution.

CHILDREN OF THE BLACK SUN #1

WRITER: **DARIO SICCHIO**
ARTIST: **LETIZIA CADONICI**
COLORIST: **FRANCESCO SEGALA**

COMIC | 32 PAGES | COLOR | MATURE (16 AND UP)
SCIENCE FICTION, ACTION/ADVENTURE | $3.99

From the artist of the hit series *The House of Slaughter*!

"It is not difficult to be happy under a blue sky. But it takes a lot of courage to be strong even under a black sun."

Over the years, a black sun has risen twice. A dark dawn whose rays have done terrible things to people's minds, driving them to all sorts of horror. Twelve years have passed since the last time and the world still fears the return of that inexplicable phenomenon. But fear is not the only legacy of those terrible days. All the women who got pregnant under the influence of the black sun have given birth to babies with some... peculiarities. White hair, ashy skin, abnormal proportions, and eyes as red as fire: the Children of the Black Sun.

Brightvale is a small town like many others. Here the Children of the Black Sun are treated with particularcontempt, especially in the days leading up to the anniversary of the two disasters. The hatred of their fellow villagers, terrified of a possible return of that horror, will push these kids to unite and embark on a hallucinatory journey to discover themselves and their true nature. But is the black sun really about to return?

CHILDREN OF THE BLACK SUN

INTERVIEW WITH WRITER **DARIO SICCHIO**

Do you have a particular preference for horror? What are some of your influences in the genre?

I've always been a horror fan, in cinema, literature and comics. Nowadays, I feel deeply attracted toward the new, weird subgenres, and I really dig the indie horror vibe and aesthetic. Directors like Ari Aster, Robert Eggers, Alex Garland and Yorgos Lanthimos (and the A24 horror approach in general) are deep influences for me right now. But, truth be told, I've been a cosmic horror kinda guy since I was a child.

Did anything in particular inspire the story of Black Sun?

A lot of things and nothing in particular. I surely was inspired by my recent lectures in the new, weird literature (Vandermeer and Miéville most of all), but I was also deeply influenced by things that are happening around all of us right now. I wanted to create a story capable of acting on the reader at a subliminal level: a story capable of creating a mood inside the reader that reflects a way that (I think) a lot of us are feeling right now: detached, scared, but confused, irrationally menaced, incapable of directing our empathy towards something clear. I can't say if I succeeded or not, but I surely tried; and the stellar work of both Letizia and Francesco (artists that I've known for most of my life, that shared this vision) played a central role in all of that.

Do you have a fear that there could be an occurrence in the world that can't be answered by science, like the Black Sun? And if so, how do you feel you would react to something like that?

I'm not afraid of similar scenario per se... I'm fascinated by it. The very idea that all we know and all we have accomplished could be erased not by a known threat, but by something we don't even understand. It's scary, fascinating, and even freeing in a sense.... given that we are proving to be perfectly capable of being the known cause of our predictable demise. I don't know how I would react to something like a black sun... but surely I am fascinated by the idea.

How has the current state of the world made you think about the way people behave in the book?

That was my focal point working on this book. Creating the most unlikely and weird scenario I could think of, but writing credible characters to react to said circumstance. The black sun scenario is like a paroxysmal lens. The Brightvale citizen's reaction to the events (and the diversity that they see around them during such a scary moment) is heavily influenced by what we can see in the news and in the streets every day; a situation I wanted to re-enact in the comic in the most detached way possible. That without sacrificing the humanity of the primary characters and their quest for their own identity, which was the focal point of this strange story.

CHILDREN OF THE BLACK SUN

Artist of the hit SIKTC spinoff series THE HOUSE OF SLAUGHTER!

INTERVIEW WITH ARTIST **LETIZIA CADONICI**

Tell us a little bit about yourself.

I'm a comic artist, I live in Rome, and I love horror and spooky things. But also shojo-mangas.

There are a few pages in this book that are done as children's drawings. Was that frustrating or freeing for you?

Those were actually very funny to draw. I just loved the brutality of what I was drawing but with the simplicity of a kid doing it.

What inspired the look for the Children of the Black Sun?

The biggest inspiration for me was of course the movie *Village of the Damned*, which I love. Also, we were searching for something that was even more disturbing and alien, but at the same time human. So I thought about all those weird, disproportionate and beautiful figures by Amedeo Modigliani and I tried to "steal" something, the long necks, the shape of the eyes and other little things.

What drew you to Black Sun? What was your favorite aspect of working on the project?

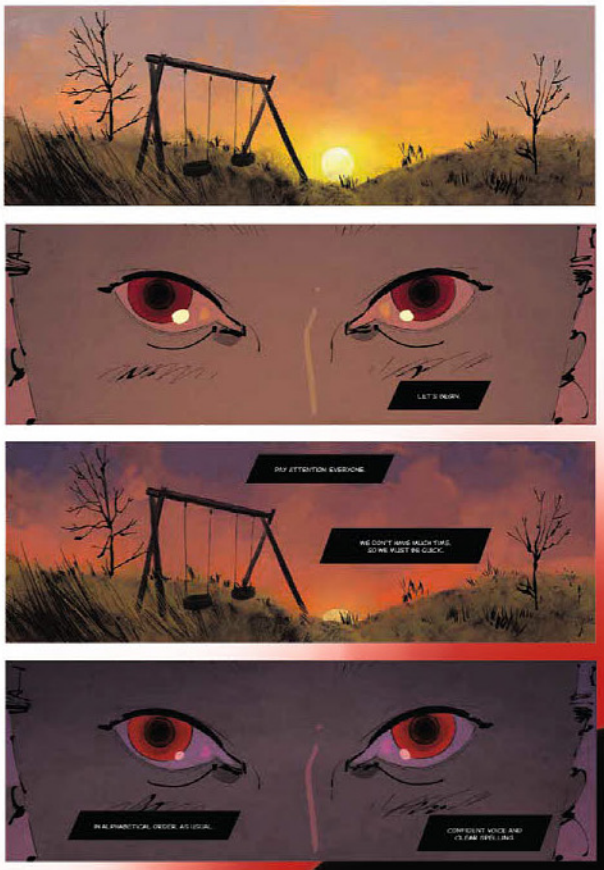

Me, Dario and Francesco have been working together since 2016, we are friends and we have a very similar taste in comics. So we decided to make something that was completely ours. No limits, no rules, something that was weird and crazy, and of course, horror.

Any particular influences and inspirations for your style? Have you always gravitated towards the spooky?

My very first influence was *Goosebumps*. I remember myself as a kid in the bookshops staring at the Tim Jacobus covers, completely fascinated. I've always loved horror movies, horror books and whatever that scares me. I love the aesthetic and the storytelling of the genre, and growing up, I just wanted to do something on my own. That's why I started drawing. Anyways, today I have the complete collection of *Goosebumps*, which I'm very proud of.

What were some of your favorite comics growing up?

One of the first comics that blew my mind was *30 Days of Night* by Ben Templesmith. It opened a world of amazing artists to me, like Ashley Wood, Dave McKean and many others. Also, I was (I am) obsessed with Junji Ito's works. He is probably my favorite comic book artist ever.

Once upon a time, we lived alongside Legends. Creatures of myth. Centaurs, fauns, gorgons, kelpies, gnomes, and more. They were spectacular. Majestic. Powerful. Peaceful. Pure. In comparison, we were ugly. Weak. Warmongering. Rotten. Is it any wonder we could not live alongside them any longer? After driving these Legends to the fringes of society, an uglier form of mythos takes shape in the form of rumors of live snuff shows for dark web high rollers. When a mysterious young woman, Nessa, enlists the help of a hacker to take a tour of the grisliest corners of the Dark Web, she sets in motion a war between those who peddle to mankind's darkest fantasies and a world that transcends imagination. *Trojan* is fantasy thriller full of wonder and horror in equal measure.

ROGUE STATE, Vol 1 TP

(writer) MATTEO PIZZOLO (artist/cvr) CARLOS GRANDA

$19.99 | 128 pages | Full Color | Mature | Collects issues 1-3

"Ripped from tomorrow's headlines." **-The San Francisco Chronicle**

"A near future army of young vigilantes resists a paramilitary police state after the Supreme Court rules that militias are constitutionally protected." **-Deadline**

"Politically charged... a new freedom fighter named Vya of Brightstars emerges to rally a terrified nation." **-IGN**

What if a contested Presidential election plunged America into turmoil? What if political violence consumed the streets? And what if a raging Supreme Court, in a strict interpretation of the 2nd Amendment, legitimized and deputized all militias, transforming the entire country into a paramilitary police state?

What if a freedom fighter emerged from the chaos, raised a civilian army, and carved out a territory across the United States?... seizing back stolen land, pushing out police, militias, and National Guard... enforcing its own laws...
Sovereign.

What if Americans refused to be governed?

This speculative-fiction comic book series tells the story of Vya Of Brightstars, a mysterious figure rising from the unrest, and Clara Cruz, a young professional who becomes activated in Vya's movement when her fiancée Taylor Sanchez is disappeared as militias take over their Mission District neighborhood.

But are Vya and Clara freedom fighters or terrorists?

Either way, their rogue state will not just blaze a path across America, it will also inspire others to raise their own armies... some in solidarity, others in opposition.

Not Final Design.

(W/A/CA) Wayne Vansant

The action/adventure tales of the French Legionnaire soldier Battron continue! December, 1944. The onset of winter and retreat of German forces along the western front brings hope of an end to the war among the Allied troops. With a lull in the fighting Sgt. Battron accompanies his friend, Esclaviar, to his home in southern Belgium. Before they arrive at their destination, they caught up in a massive German counter-offensive in the Belgium Ardennes Forest; a campaign that will later become known as the Battle of the Bulge. At stake is the remote, seemingly insignificant town of Aufenscheidt. The town seems unimportant on the Nazi list of battle objectives. But deep in the town's dark stone bowels lays a treasure more valuable to the Germans than gold! (STL252443) (C: 0-0-2)

TERRY AND THE PIRATES: THE MASTER COLLECTION VOL. 4 1938—PIRATE QUEEN AND PATRIOT

Writer/Artist: **Milton Caniff**

The saga continues in ***Terry and the Pirates*** Volume 4, reproduced from **Milton Caniff**'s personal set of color syndicate tabloid proofs!

Warlord Klang makes life rough for Terry, Connie, and Burma, but they find an unlikely ally when—for the first and only time—the Dragon Lady and Burma appear in the same story! In one of the strip's most famous sequences the Dragon Lady changes her scales, seizing Klang's troops and turning them into a force to fight a hostile invading army. Meanwhile, Hunter Yurk and young Nastalthia ("Nasty") Smythe-Heatherstone stir up trouble, and a reunion with Pat and Big Stoop isn't enough to prevent a cat-fight over Nasty's wealthy papa between Burma and conniving Drusilla Crail. When Burma again takes it on the lam, the boys agree to a dangerous mission in Indo-China for Mr. Smythe-Heatherstone.

This tabloid-sized Volume 4 containing the 1938 dailies and Sundays is an unparalleled upgrade that no Terry fan can afford to pass up.

(W) Various (A/CA) Graham Ingles

EC Comics produced what is arguably the finest line of comics ever, and of all their titles, the horror books were the most popular. And the most acclaimed of the horror artists was Graham "Ghastly" Ingels, whose particular talents influenced and inspired several generations of artists, including the great Bernie Wrightson. This Artist's Edition will include a sampling of Ingels' best stories, and a selection of some of his most terrifying covers! (SEP150464)

REED CRANDALL'S EC STORIES ARTIST'S EDITION HC

(W) Various (A/CA) Reed Crandall

Reed Crandall was one of the greatest comic artists of the Golden Age. His work graced the covers and pages of National Comics (drawing the iconic *Uncle Sam*, as well as *Blackhawk*, *Doll Man* and many others). Legendary for his remarkable talents as a draftsman, he was the quintessential "Artist's Artist." This Artist's Edition focuses on Crandall's remarkable EC Comics stories, including many that are outright classics. And like all the award-winning Artist's Editions, this book was scanned entirely from the original art. (NOV160509)

Monster Kids rejoice! Coming at you from the earliest days of monster mania, *World Famous Creatures* magazine was put together quickly and cheaply to cash in on the popularity of *Famous Monsters of Filmland* #1. The title lasted just four issues — two in 1958 and two in 1959 — and are much sought after by monster magazine collectors. This competitor came closest to *FM* in terms of content and visuals. The issues contain tons of large monster stills, Forry-like puns, and cut-out monster masks. The publisher even tried to copy Warren's Captain Company by offering many mail-order monster items. There is also early John Severin art in the monster mix! Due to all the coupons and mask cutouts, most original copies are incomplete. Here is your opportunity to have the entire, complete, run of *World Famous Creatures* to take you on a nostalgic journey to the beginnings of what would become a national monster craze!! By Ana Penyas

$24.99 / HC / 112 pgs / FC / 9.5" × 7"

This heartfelt graphic biography is a tribute to the artist's grandmothers and a generation of women who quietly soldiered through over forty years of Fascist rule in Spain. Artist Ana Penyas weaves the memories of her grandmothers into a narrative quilt that pieces together what it was like for women to assimilate to Spain's dramatic political shifts in the late 1970s and '80s. Combining collage and rough-hewn pencil drawings, and mixing past and present, Penyas offers a feminist tribute to the forgotten lives and legacies of the women of Spain.

HISTORY COMICS: ROSA PARKS & CLAUDETTE COLVIN GN

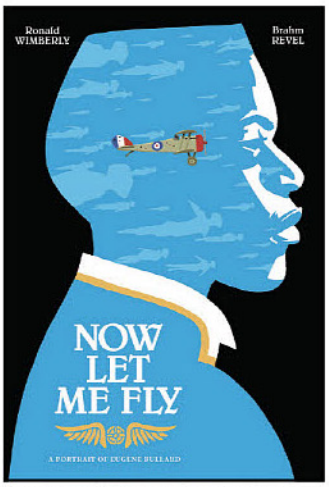

(W) Tracey Baptiste (A) Shauna Grant
Turn back the clock with *History Comics*! In this volume, learn about two brave women who stood up against segregation, setting in motion the Montgomery Bus Boycott! A Black woman who refused to give up her seat on a segregated bus sparked a bus boycott and became part of one of the most iconic moments in American history. Yet, few know that *Rosa Parks* had actively worked toward social justice her whole life. And even fewer know that the seeds of the statewide bus boycott were first planted by a teenager named *Claudette Colvin*, who was arrested on similar charges months earlier. Parks and Colvin inspired a nation, showing how positive change can start with a single defiant act. Their actions have become the stuff of legend, but there is so much more to their lives, their stories, and the movement they began! (STL250842) (C: 0-1-1)

LAND OF THE DEAD: LESSONS FROM THE UNDERWORLD ON STORYTELLING AND LIVING GN

(W) Brian McDonald
(A) Toby Cypress
From Brian McDonald, storyteller extraordinaire, comes a remarkable non-fiction graphic novel about the art of storytelling. There is wisdom in the land of the dead, for it is the place that all stories lay to rest. And what is a story, if not a simulation of survival? Wielding his massive experience from film, tv, comics, and more, Brian McDonald lays out a history of storytelling and shows the reader how the best tales tug at our truest biological instinct: the need to survive. Readers will see how different forms of survival-physical, emotional, spiritual-inform the arc of character development in a way that makes them more complex and compelling. And how plot and circumstance must then force your protagonist to meet their worst nightmare. Toby Cypress's electric art guides the reader through the underworld, visualizing each narrative masterpiece, and bringing the ideas to life. Whether you're in film, books, comics, or simply a story enthusiast, this book offers a way to see character development and the crafting of plot through the lens of human questions of morality and mortality. NOW LET ME FLY: PORTRAIT OF EUGENE BULLARD GN

(W) Ronald Wimberly (A) Brahm Revel
From Ronald Wimberly, creator of the viral comic *Lighten Up*, comes a soaring graphic biography that casts new light on the first African American fighter pilot. On the eve of World War I, Eugene Bullard was one of a small but growing number of African American refugees living in France. At just eleven years old, Bullard had fled the dangers of the Jim Crow South, determined to find a place where a Black man would be treated as a human being. His search took him across the Atlantic and through a myriad of lives as a horse racer, vaudeville performer, and boxer. In 1913, he settled in Paris. In 1914, the Great War began, and Bullard made history as the first African American fighter pilot. In this candid-but-sensitive graphic memoir, Ronald Wimberly and Brahm Revel capture moments from Eugene Bullard's life with remarkable empathy, from the muddy trenches to the open sky. FLOATING WORLD COMICS

I AM TRYING TO LOVE YOU GN

(W/A/CA) Emma Jon-Michael Frank
In *I'm Trying To Love You*, the author vulnerably opens themselves up to exploring their bittersweet relationships and self with a rigorous and sloppy honesty. The result is a quirky and raw memoir that is felt by the reader as a kind of really funny and revealing therapy. (STL251609) (C: 0-1-0)

TO BOLDLY GO: HOW NICHELLE NICHOLS HELPED ADVANCE CIVIL RIGHTS

(W) Angela Dalton
(A) Lauren Semmer

As Lieutenant Uhura on the iconic prime-time television show *Star Trek*, Nichelle Nichols played the first Black female astronaut anyone had ever seen on-screen. A smart, strong, independent Black woman aboard the starship *Enterprise* was revolutionary in the 1960s when only white men had traveled to outer space in real life and most Black characters on TV were servants. Nichelle not only inspired a generation to pursue their dreams but also opened the door for the real-life pioneering astronauts Sally Ride, Dr. Mae Jemison, and more. This empowering tribute to the trailblazing pop-culture icon reminds us of the importance of perseverance and the power of representation in storytelling. You just might be inspired to boldly go where no one like you has ever gone before! (STL251480) (C: 0-1-0)

Taken, along with her mother and father, from the Terezín ghetto in Prague, Dita is adjusting to the constant terror that is life in the camp. MUSIC OF THE SPHERES: ART WORKS OF MARK MATTHEWS HC

(W) Robert Crafton
(A) Mark Matthews

Mark Matthews has been making marbles for 35 years. Some—the banded lutzes and opaques, the latticino and solid and vane cores, the clambroths, onionskins, and peppermints—acknowledge their nineteenth century roots. Others—the precision air traps, the filigranas, the graals—employ techniques never before used in the making of marbles. Matthews makes marbles—spherical glass objects, to be sure, but glass spheres invested with a meaning, a significance, an aesthetic vision and purpose. In this sense, the marble is a means to an end, not an end in itself. Aesthetics—issues of form and color theory—combine with investigations into the physical and chemical properties of glass, which, in turn, engage social history and economic concerns, and all in the unlikely form of the marble, a crystalline sphere which, in Matthews' hands, produces its own kind of music. Imprisoned by the thousands in the bowels of an uninhabited moon, they have been erased from official history. Xinthia has sworn that, one day, she will lead her people to the sun.

After losing the imperial throne to the Kerkans, all members of the Khelek Dynasty and their allies were banished to the barren caves of Tazma. Sixty-five standard years later, their descendants are still held captive there. Xinthia has had enough.

"In 1972, the Moroccan king Hassan II escaped an attack organized by General Oufkir, a close relative. Oufkir was executed, but his wife and six children, the youngest of whom was only three, were thrown into a dungeon from which they would not emerge for nineteen years... It is from this event of unspeakable cruelty that I imagined the fate of the 'damned of Tazma.'" —SAM TIMEL

168 PAGES | HC | ALL AGES | 7.6 X 10.2 IN | $29.99

BIOGRAPHY

The critically-acclaimed biography chronicling the tumultuous personal and professional life of horror icon Bela Lugosi.

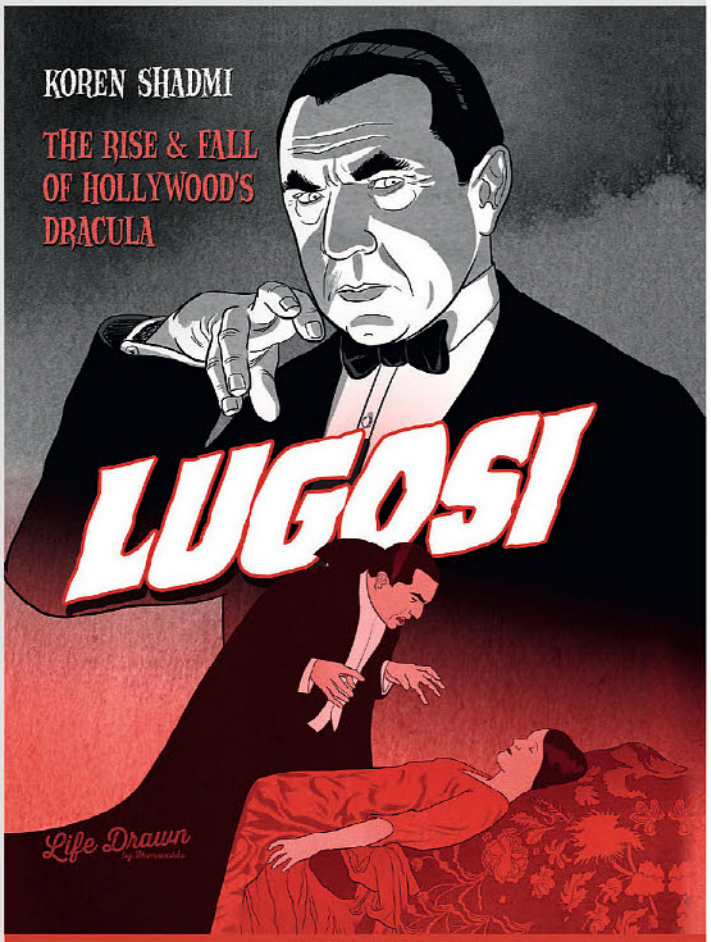

"Poignant.... Shadmi smoothly blends characterization with chiaroscuro to perfectly spotlight Lugosi's uncanny magnetism. On the screen—and in this fine portrait—his legacy lasts."

—PUBLISHERS WEEKLY (Starred Review)

"Haunting... Shadmi's deeply absorbing and moving biography will appeal to Dracula afficionados of all ages."

—NEW YORK JOURNAL OF BOOKS

LUGOSI, the tragic life story of one of horror's most iconic film stars, tells of a young Hungarian activist forced to flee his homeland after the failed Communist revolution in 1919. Reinventing himself in the U.S., first on stage and then in movies, he landed the unforgettable role of Count Dracula in what would become a series of classic feature films. From that point forward, Lugosi's stardom would be assured...but with international fame came setbacks and addictions that gradually whittled his reputation from icon to has-been. LUGOSI details the actor's fall from grace and an enduring legacy that continues to this day.

SHUBEIK LUBEIK GN

(W/A) Deena Mohamed
A brilliantly original debut graphic novel that imagines a fantastical Cairo where wishes really do come true. *Shubeik Lubeik* — a fairy tale rhyme that means *"your wish is my command"* in Arabic — is the story of three people who are navigating a world where wishes are literally for sale. Three wishes that are sold at an unassuming kiosk in Cairo link Aziza, Nour, and Shokry, changing their perspectives as well as their lives. Aziza learned early that life can be hard, but when she loses her husband and manages to procure a wish, she finds herself fighting bureaucracy and inequality for the right to have — and make — that wish. Nour is a privileged college student who secretly struggles with depression and must decide whether or not to use their wish to try to "fix" this depression, and then figure out how to do it. And, finally, Shokry must grapple with his religious convictions as he decides how to help a friend who doesn't want to use their wish. Deena Mohamed brings to life a cast of characters whose struggles and triumphs are heartbreaking, inspiring, and deeply resonant. (STL250859) (C: 0-1-2)

PS ARTBOOK MAGAZINE: FIGHT AGAINST CRIME #20

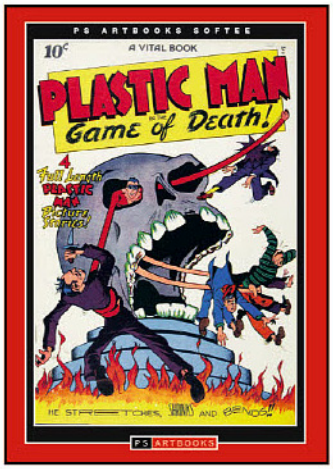

When the Comics Code Authority came into existence in 1954, popular horror and crime comics (which are now much sought-after) were put to an end. This pre-code crime classic being released mere months before The Comics Code would come into play, just made the cut and was probably a prime example of what the Code aimed to censor! It features this brutal cover of a decapitation, as well as a hanging panel on the inside. Often vividly violent and sometimes disturbing images would no longer grace crime, horror or other mainstream comics for the following decades, making Fight Against Crime #20 one of the most collectable in the comic world. This is a Limited Edition so don't miss your chance to own this piece of pre-code comic history! (STL251024) (C: 0-1-1)

It's a battle he wages until he's mentally and physically exhausted. Then, one day, Bear hears notes of music, the humming of a friendly hare. BIOGRAPHIX: HOWARD CRUSE SC

(W) Janine Utell (A) Howard Cruse
Howard Cruse tells the life story of one of the most important figures in LGBTQ+ comics. A preacher's kid from Alabama who became "the godfather of queer comics," Cruse (1944–2019) was a groundbreaking underground cartoonist, a wicked satirist, an LGBTQ+ activist, and a mentor to a vast network of queer comics artists. His comic strip *Wendel*, published in *The Advocate* throughout the 1980s, is considered a revolutionary moment in the development of LGBTQ+ comics, as is his inaugurating the editorship of *Gay Comix* with Kitchen Sink Press in 1979, which furthered the careers of important artists like Jennifer Camper and Alison Bechdel. Cruse's graphic novel Stuck Rubber Baby, published in 1995, fictionalizes his own coming out in the context of the civil rights movement in 1960s Birmingham and was a significant forerunner to contemporary graphic novels and memoirs. INTO THE JUNGLE! A BOY'S COMIC STRIP HISTORY OF WORLD WAR II SC

(W) Jimmy Kugler, Michael Kugler
Near the end of World War II and after, a small-town Nebraska youth, Jimmy Kugler, drew more than a hundred double-sided sheets of comic strip stories. Over half of these six-panel tales retold the Pacific War as fought by "Frogs" and "Toads," humanoid creatures brutally committed to a kill-or-be-killed struggle. Michael Kugler reproduces the never-before-published comics of his father's adolescent imagination as a microhistory of American youth in that formative era. Also included in *Into the Jungle! A Boy's Comic Strip History of World War II* are the likely comic book models for these stories and inspiration from news coverage in newspapers, radio, movies, and newsreels. (STL251316) (C: 0-1-0)

NEW SERIES!

In a tale that would make Tolkien cringe, Jinx and the gang are invited to join some of the world's most infamous adventurers on a quest to destroy a legendary cursed object – a 20-sided die that gives good or bad luck to whoever rolls it. What should be a simple journey for this who's who of A-List Questers quickly goes off the rails when Jinx's greed gets the best of him and he lands on the bad side of the greatest adventurer of them all, Man-Darr The Bravest.

Oh also...the gang adopts its newest member, Speye, a seemingly innocuous furry mascot with a penchant for eating treasure. What could go wrong?

Rising star at Marvel (*Spider-Man 2099*) and DC Comics, Kim Jacinto, provides an iconic debut cover, with art by Kit Wallis, the artist behind the hit series *Good Boy*.

Origins Part 4. Maxed out on screen time, the Alpha Team takes a break for some good old-fashioned tabletop fantasy roleplaying — that is, unless Buck has anything to say about it. There's always that one chaotic evil player who gets his kicks from breaking the rules, isn't there? Buck soon gets his wish as the boys are called out of the world of goblin hordes and into the heart of Shadowpunk Cybertown. In the epic conclusion of this four part miniseries, our heroes face off against a spreading glitch, knockoff Matrix-hacking shenanigans, and the return of a powerful enemy.

Based on the hit animated series now airing new episodes on Youtube, *Alpha Betas* is a collaboration between popular Youtubers with more than 60 million subscribers across their channels, and Hollywood heavy hitters Stephanie Beatriz (*Brooklyn Nine-Nine*), and Chris Parnell (*Rick and Morty*).

TRANSFORMERS: MEGATRON BISHOUJO STATUE

From Kotobukiya. Hasbro, Takara Tomy, and Kotobukiya have teamed up to create the new *Transformers* BISHOUJO series! Laying the foundations for the still beloved series, the first generation, *The Transformers* (or G1 for short), have been given a BISHOUJO-style makeover by Shunya Yamashita. The second statue in the series, *Megatron*, is the Emperor of Destruction and leader of the Decepticons. This is one cold hard BISHOUJO with a stare that could kill. Her bob hairstyle with straight bangs, garrison cap, and dark eye shadow are merely a few of the features that have been carefully designed to capture the feel of the original Transformer. A contrasting crude gun metallic color is used to paint the Fusion Cannon, attached to her right shoulder. Her base also has the Decepticons logo in a stunningly painted metallic colorway. VAMPIRELLA 2.0 (JOSE GONZALEZ EDITION) 1/8-SCALE PLASTIC MODEL KIT

From X-Plus. Be enthralled by Vampirella's commanding gaze in this finely detailed model based on Jose Gonzalez's work. First designed in 1969 and later in September 1972's *Super Special* issue, one of the many collected annuals of *Vampirella*, the work also marked the introduction of Carol de Haro as the real life model for Vampirella, appearing on covers and in comic strips throughout the 70's. Now, X PLUS has created a model kit of her iconic pose in immaculate detail, from the individual strands of hair and subtle musculature, to the signature vampire bat perched atop Vampirella's outstretched, delicate hand. As a welcome embellishment, Vampirella has an entirely new, but particularly thematic base to stand upon. A mound of bones and the skulls of vampires rest at her feet. Assembly required. (STL245214) **Item has been previously solicited in *New to Order*.** Scheduled to ship in March 2023. (3220/411-200088T) (C: 1-1-2) **NOTE:** Available only in US, Canada, and US territories.

Welcome to the *Absolute Power* superhero role-playing game, the second edition of 2002's *Silver Age Sentinels* RPG. *Absolute Power* does not take as strong a position as its predecessor on what heroism looks like, though. All that's needed is a little more... This gorgeous volume is a hefty 336 full-color pages printed on premium glossy stock, with dozens of stunning and evocative illustrations and contains everything you need to create characters across the entire spectrum of superhero power levels, from novice teen wonders to street-level vigilantes to world-renowned metahuman leaders to cosmic godlike entities. ABSOLUTE POWER RPG PERFECT EDITION HC

Welcome to the *Absolute Power* superhero role-playing game, the second edition of 2002's *Silver Age Sentinels RPG*. *Absolute Power* does not take as strong a position as its predecessor on what heroism looks like, though. The Empire City setting has returned with a greater focus on moral ambiguity and relativism, but our efforts are not intended to disparage the idea of heroics. We did not choose this title to glorify raw might or some concept of necessary corruption. *Absolute Power* is a warning against the desire to reach for the little bit more power to keep up with those opposed to society's greater good. All that's needed is a little more... Dedicated superhero gamers and role-playing aficionados won't want to miss this, because there's no better way to present Absolute Power than in a stunning two-volume collected set wrapped in a protective slipcase. Both volumes feature vibrant leatherette covers—Book One in red; Book Two in Blue—with padded boards and silver foil logo stamping on their covers and spines. The durable slipcase is printed in full color with the cover illustrations from Books One (the Guard superhero team) and Two (the White Rooks supervillain team) printed on opposite sides.
